

A fun way to get smarter!

Petrosains is an interactive science discovery centre for people of all ages. It engages you through sight, sound, touch and smell, as well as all aspects of science – from the microscopic to the cosmic; from fearsome pre-historic dinosaurs to the fascinating world of molecules and robotics.

“ Inspires me to look more closely at the world around me. ”

Let us take you on an adventure to explore the fascinating world of STEM (Science, Technology, Engineering and Mathematics).

Learning is never boring at our Discovery Centre. Touch, play, experiment and experience wonder like never before. Come face-to-face with STEM in impactful, engaging and fun new ways through our exhibits, science shows, workshops and many more.

“ Whether you are 8, 18 or 80, there's plenty to see and do! ”

For Parents

Nurture your child's natural curiosity and joy of discovery as you explore, learn and play together. With exhibits that would interest and appeal to all age groups, you will experience the pleasure of discovering while spending time with your child and gaining valuable insights into how your child learns.

For Educators

As partners in STEM learning, we provide an alternative space for curriculum-based activities. Petrosains is acknowledged by the Ministry of Education as an important supporting component in the informal learning of STEM in the country.

School Holiday Programmes & Fun Workshops

School holidays are filled with family fun at Petrosains. Take part in our interactive workshops and activities and discover the excitement of hands-on learning.

Outreach Programs

Fun learning never stops at the Discovery Centre. Petrosains reaches out to communities surrounding KL and beyond through outreach activities.

Come & visit us today!

Petrosains is fun!

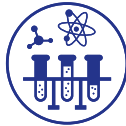

With more than 300 Interactive exhibits and programmes, Petrosains occupies two levels of the PETRONAS Twin Towers—that's over 7,000 square metres! You will need to spend at least 2 hours here for a fuller, richer experience.

Here are some highlights:

Energy Capsule

A revolutionary ride that journeys into the story of energy, aimed to spark desires and ideas for a sustainable future.

SPARKZ

Engage with interactive exhibits and exciting science shows that will spark the wonder in you!

The Platform

Literally an oil platform in the heart of KL city! Learn about the oil and gas exploration process on an oil platform.

SPEED!

Race at top speed in a Formula 1 simulator and live the dream of a racer!

Sustainability Gallery

Learn about the importance of sustainability and your role in taking action towards creating a sustainable future.

3D Theatre

You will be at the edge of your seat while watching thrilling 3D movies in this mini theatre.

Tech Lab

Pretend like you have teleported to the future! Meet and greet robots, feel what it's like to fly, discover more about big data and learn how to code with us, among others.

SPACE

Learn more about the science and technology of space; discover how astronauts live and work in space and try programming a Mars Rover replica!

Geotime Diorama

Ever wondered what it was like 200 million years ago? Step back in time with dinosaurs and discover Earth science like never before.

Maker Studio

Unlock your creativity by learning how to design, invent, innovate and build through hands-on engagements at Maker Studio. Discover how to build and fly a drone, how a robotic arm works, how to build a wind turbine and lots more.

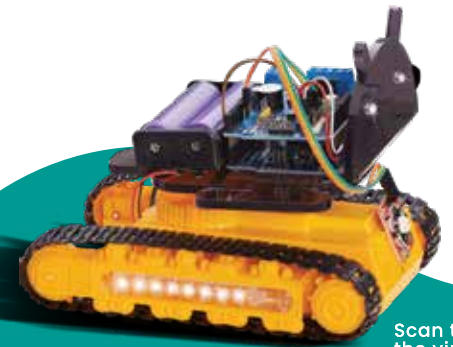

Café Mesra

Take a break from exploring and satisfy your cravings with a variety of delicacies and beverages in the first Café Mesra in KLCC.

XPLORASI-Petrosains Gift Shop

Hop on to our gift shop for a variety of souvenirs, science kits, educational toys and many other special gifts.

Petrosains Immersive Experience and Learning (PIXEL),

Learning never stops at Petrosains. Discover and explore STEM from anywhere and at anytime with our 360° virtual platform, PIXEL.
