

Hands – On! Minds – On!

A fun way to get smarter

Petrosains is an interactive science discovery centre for people of all ages. It engages you through sight, sound, touch and smell, as well as all aspects of science – from the microscopic to the cosmic; from fearsome pre-historic dinosaurs to the fascinating world of molecules and robotics.

“Makes me look more closely at the world around me when I’m at home.”

Let us take you on an adventure to explore the fascinating world of STEM (Science, Technology, Engineering and Mathematics).

Learning is never boring at our Discovery Centre. Touch, play, experiment and experience discovery like never before. Come face-to-face with STEM in impactful, engaging and fun new ways through our exhibits, science shows, workshops and many more.

Whether you are 8, 18 or 80, there's plenty to see and do!

“It’s so much fun, I didn’t realise I was learning.”

For Parents

Nurture your child’s natural curiosity and joy of discovery as you explore, learn and play together. With exhibits that would interest and appeal to all age groups, you will experience the pleasure of discovering while spending time with your child and gaining valuable insights into how your child learns.

For Educators

As partners in STEM learning, we provide an alternative space for curriculum-based STEM activities. Petrosains receives the acknowledgement from the Ministry of Education as an important supporting component in the informal learning of STEM in the country.

School Holiday Programmes

School holidays are filled with family fun at Petrosains. Take part in our interactive workshops and activities and discover the excitement of hands-on STEM learning.

Petrosains Outreach

The fun learning does not stop at the Discovery Centre. Petrosains reaches out to surrounding communities and beyond KL through outreach activities.

Petrosains is a fun destination

With hundreds of interactive exhibits and programmes, Petrosains occupies two levels of the PETRONAS Twin Towers – that's over 7,000 square meters! You will need to spend at least 2 hours here for a fuller, richer experience.

Here are some highlights:

The Dark Ride

An awesome ride that journeys into ancient rainforests, beautiful oceans and tells the story of Malaysia's progress towards a developed nation.

Space

Learn more about the science and technology of space; discover how astronauts live and work in space and try programming a Mars Rover replica!

Geotime Diorama

Ever wondered what it was like 200 million years ago? Step back in time with dinosaurs and discover Earth science like never before.

SPARKZ

Engage with interactive exhibits and exciting science shows that will spark the wonder in you!

Oil Platform

Literally an oil platform in the heart of KL city! Learn how the oil and gas exploration process works on an oil platform.

SPEED

Race at top speed in a Formula 1 simulator and live the dream of a Formula 1 racer!

3D Theatre

You will be at the edge of your seat while watching thrilling 3D movies in this mini theatre.

Maker Studio

Unlock your creativity by learning how to design, invent, innovate and build through hands-on workshops at the Maker Studio. Discover how to build and fly a drone, how a robotic arm works, how to build a wind turbine and many more.

Tech Lab

Pretend like you have teleported to the future, meet and greet with robots, feel what it's like to fly and learn about big data and how to code with us.

Molecule Café

Take a break from exploring and satisfy your cravings with a selection of local delights, cakes, pastries, snacks and refreshing beverages!

Xplorasi™ Petrosains Gift Shop

A gift shop that offers loads of educational games, toys, books and other special gifts.

A Place For Everyone

Our staff ensure that your enjoyment and learning experience are maximised when you are here in Petrosains. Should you want to know more, talk to our Science Communicators who are always ready to answer your questions.

Comfort For All

Wheelchairs, lifts and designated restrooms for the elderly and disabled are available on request. Our staff are also trained in helping the disabled.

Baby- Friendly

We provide baby strollers and a room for you to attend to your baby's needs.

REMEMBER

Check out our website for tips to make your visit more enjoyable! Continue your journey of discovery when you return home with surprising science experiments that you can do in your house.

We operate a time-ticketing system. Book in advance via our Info/Booking Line +603-2331 8181 to avoid disappointment.

Admission Hours	First Admission	Last Admission
Tuesday - Friday	11.00 am	2.30 pm
Saturday, Sunday, Public Holidays and School Holidays (except those that fall on Mondays)	9.30 am	4.00 pm
